

FALL

ENG120* Comp I
BIO100 Bio-Science
CHM120 Biochem I
PSY271 Intro to Psych
COM111 Speech or COM200 Interpersonal **

Total credits: 17

SPRING

ENG121* Comp II
CHM121* Biochem II
BIO235* Micro
BIO225* A and P I

Total credits: 16

*Prerequisite

** If you are SURE you are transferring to SIUE, COM200 is the better choice because it also meets their Exp-Global Culture Race Equity requirement. If you are applying to multiple nursing schools, COM111 is the better option because it likely works for every school you apply to.

Visit the [SIUE Nursing Admission](#) website ASAP. This has critical information about application process and deadline, special admission, GPA requirement, start term options and pre-req requirements.

Be aware the SIU-E nursing program sequence is 3 years. For that reason, this is a one-year plan for summer start students who plan to apply for acceptance into SIUE nursing program for their sophomore year. If that is not your plan, complete the AA.PNUR Pre-Nursing degree at Lake Land College first.

This information is a guide and does **NOT** represent an official agreement with SIU-E. It is the student's responsibility to contact SIU-E for special admission information.

The courses listed below will meet additional university/nursing requirements at SIUE. Be aware that working too far ahead could lead to a student not having full-time status while in the nursing program at SIUE.

PHI290, Logic
MAT116* Gen Ed Math
MAT125*, Statistics
PHI280, Ethics
